Maddy Institute Adds Executive Assistant

Debora Bolen was recently hired as our Executive Assistant. Debora, returned to Fresno after working as a legal secretary with a Morrison and Forester, a major law firm in San Francisco. She was recommended by our Chairman, Don Jackson (for whom she worked earlier in her career) and is the wife of Hal Bolen, a well-respected local tax attorney and Chairman of the Board of Operation Clean Air (<http://www.operationcleanair.org/>), “a broad based coalition of all stakeholders in the overlapping issues of air quality and economic prosperity in the San Joaquin Valley...”

Debora will be devoting her time to coordinating our office activities, our grant efforts and any major fund-raising events. Debora is exceptionally bright, helpful and personable and we are very pleased that she is joining our team.
